June 25, 2024

Dear Mr. Bickerdike

On April 1, 2024, [Ontario Regulation 41/24: Prohibited Activities, Exemptions and Permits](#) (O.Reg. 41/24) came into effect and replaced 36 individual conservation authority regulations with a single provincial regulation that focuses conservation authority permit decisions on natural hazards and public safety and provides enhanced service standards and greater transparency regarding conservation authorities permitting processes. With regards to the regulation of wetlands under the new O.Reg. 41/24, updates were made to reduce the area around provincially significant wetlands (and wetlands two hectares or larger as applicable) where a permit is required from 120 metres to 30 metres.

The regulation provides clear and consistent rules while still accounting for local differences. Each conservation authority is required to implement the permitting framework based on provincial legislative and regulatory requirements and technical standards, as well as conservation authority member-approved policies that provide additional detail on how the conservation authority administers regulations locally.

I am reaching out regarding your conservation authority's current consultations to update wetland mapping and associated policies as part of the implementation of Ontario Regulation 41/24. On behalf of the Ministry of Natural Resources, I request that you immediately pause your current wetland policy and mapping update process.

During this interim pause, we will work with you and the membership of your conservation authority over the coming months to clarify the application of the regulation within your jurisdiction and develop any needed guidance or locally-responsive approaches to the regulation of wetlands, in consultation with municipalities, landowners, businesses, the agricultural community and the public.

If you have any questions, please reach out to me at any time.

Sincerely,

Jennifer Keyes

Subject: Update: Planning Activity

RECOMMENDATION:

The Board of Directors receive and file the Planning Activity update for June 2024.

DISCUSSION:

South Nation Conservation (“SNC”) staff provide comments on planning applications and technical reviews to support new development. Municipalities circulate applications to SNC; costs are recovered from applicants according to the Board approved fee schedule.

The list below includes planning applications received in the month June 2024. Pre-consultation meetings and property inquiries are not included in this list.

Subject: Update: Section 28.1 Permits Issued

RECOMMENDATION:

The Board of Directors receive and file the update on permits issued under Section 28.1 of the *Conservation Authorities Act* for June 2024.

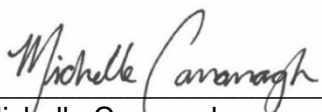

DISCUSSION:

South Nation Conservation (“SNC”) staff exercise delegated power to issue permits under Section 28.1 of the *Conservation Authorities Act* for development activities in areas over which the Authority has jurisdiction (BD-061/24 & BD-121/24). Permits are issued in accordance with the Board of Directors approved Regulation Polices.

The table below lists the permits issued in the month of June 2024.

From: Eric McGill, Corporate Counsel
Date: July 8th, 2024
Subject: Update: Enforcement of Parts VI and VII of the Act

RECOMMENDATION:

The Board of Directors receive and file the update on reported *Conservation Authorities Act* regulation concerns received in the month of June 2024.

DISCUSSION:

South Nation Conservation (“SNC”) staff administer and enforce Parts VI and VII of the *Conservation Authorities Act* and Ontario Regulation 41/24 in the areas over which the Authority has jurisdiction. SNC relies on members of the public and municipal partners to assist in identifying and reporting potential offences.

Staff evaluate reported concerns for priority response based on potential adverse impacts to people and property, and the risk of exacerbating natural hazards. The table below describes the reported concerns received in the month of June 2024.

#	File No.	Municipality	Description
18	ENF2024-CLR-02	Clarence-Rockland	Reported development activity in a regulated area
19	ENF2024-EDW-02	Edwardsburgh Cardinal	Reported development activity in a regulated area
20	ENF2024-NDU-02	North Dundas	Concern not within SNC’s area of jurisdiction
21	ENF2024-ALP-03	Alfred and Plantagenet	Reported interference with a watercourse

This table provides a summary of staff enforcement and compliance actions undertaken to date in 2024.

Chief Building Official.

To: Board of Directors
From: Carl Bickerdike, Chief Administrative Officer
Date: July 10th, 2024
Subject: Recognition: Years of Service

RECOMMENDATION:

The Board of Directors recognize and thank Sandra Mancini for her years of service working with South Nation Conservation.

Sandra Mancini, 20 Years

Sandra is a Professional Engineer, graduating from the National University of South Argentina with a B.Sc. in Civil Engineering and M.Sc. in Water Resources, she also attended the University of Tulsa, Oklahoma obtaining a Diploma in Hydraulics and a Certificate in English.

Before joining South Nation Conservation (SNC), Sandra worked 12 years in the private sector as a consulting engineer; 6 years with regional governments; and 2 years as an instructor with St. Lawrence College after her arrival in Canada.

Sandra joined the SNC team in 2004 as the Water Resources Engineering Specialist. She was instrumental in the development of an Engineering Team, with previous roles including Director of Planning and Engineering, Team Lead, Engineering, and her current role as Managing Director, Natural Hazards and Infrastructure.

Under Sandra's leadership, the Engineering Team has advanced the natural hazard mapping and flood forecasting and warning programs, including the development of a state-of-the-art surface-groundwater model for the South Nation River Watershed.

Sandra has also represented SNC and Conservation Authorities on various committees at all levels of government (municipal, provincial, and federal).

Sandra is well known and respected amongst local municipalities, spearheading many partnership opportunities and developing new services to support municipalities across the jurisdiction. Sandra was key in many regional projects, including the massive acquisition of LiDAR imagery for Eastern Ontario in 2022.

Thank you, Sandra for your hard work and dedication, and congratulations on your accomplishments at South Nation.

Carl Bickerdike,
Chief Administrative Officer.
